

PROVOC®

AirBrush Spray Foundation

MISTIQ

Air Light,
Skin Tight.

PROVOC MISTIQ is a revolutionary, airbrush-like foundation in a can. Breathable, super light weight and buildable.

Its your go-to for effortless touch-ups or full-glam looks. This high-performance spray formula leaves a soft matte finish with a natural, second-skin effect that won't crease or cake.

Infused with soft-focus pigments and oil-controlling agents, it feels incredibly light on the skin while it evens it out yet builds beautifully for fuller coverage when desired.

DUNE 40

DUSK 50

Features (USP's)

Air-light texture – The lightest there is, never cakes.

Flawless, airbrushed finish.

Sweet, delicate scent for a fresh and pleasant application experience.

Buildable coverage that enhances the natural look of the skin.

Mod Of Use

Shake the can vigorously for at least 6 seconds before each use.

Hold 10 cm away from the brush before spraying.

Spray onto a brush or beauty blender before applying to the skin for a cleaner and more controlled application.

Avoid spraying directly onto the face, the nozzle is designed for broader diffusion and may not deliver precise application. Spraying directly can cause product to spread beyond the intended area.

For contouring, use two shades - one that matches your skin tone and a slightly deeper one to sculpt and define.

Cyclopentasiloxane

Natural pigments

Botanical emollients

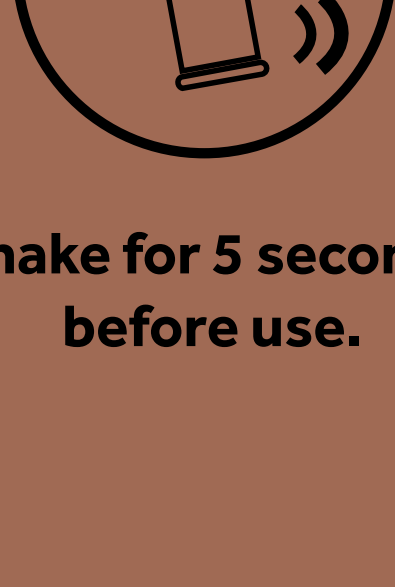

How to Use

Shake the can thoroughly before use to ensure the foundation is evenly mixed and dispensed smoothly avoiding any watery or overly gaseous spray. Instead of spraying directly onto your face, spray the foundation onto a clean dense brush, sponge or beauty blender. Then, apply it to your skin using gentle, circular motions for a flawless, airbrushed finish.

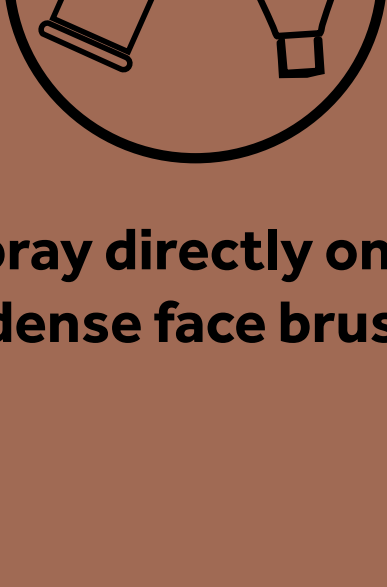

Spray-On Brush Technique

1

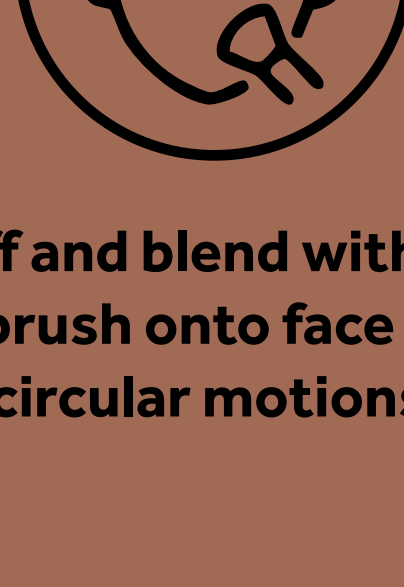

Shake for 5 seconds before use.

2

Spray directly onto a dense face brush.

3

Buff and blend with the brush onto face in circular motions.
