BLUSH & BRONZER BRUSHES

A BLUSH/BRONZER BRUSH

Made with fine gentle bristles and a rounded head, this brush is perfect in shape and size for your cheeks. You can sweep blush, bronzer and highlighter perfectly on your cheeks and cheek bones moving the brush upwards towards your hairline or add that healthy pop of color lightly onto your apples.

MODE OF USE

Step 1: Sweep the pressed or baked product with the tips of the brush.

Step 2: Gently sweep the brush tips along the cheekbones.

POWDER BRUSHES

A PRESSED POWDER BRUSH

This thick bristled brush can be used both wet and dry. It is professionally made to buff powder onto the skin. Use after foundation to get rid of the shine and to set it so that it lasts. You can also use it as a finishing powder to blur fine lines and pores for perfect looking skin.

P202S

B TAPERED POWDER BRUSH

This brush is great for blushes, bronzers and highlighters. It is also used to dust on finishing powder for under the eyes or the whole face.

P201S

C TAPERED BLUSH BRUSH

Elevate your blush application with a tapered brush. The soft and tapered bristles effortlessly sweep on blush, providing a natural flush to your cheeks without having too much product sit in one spot.

B302S

MODE OF USE

Step 1: Sweep the pressed or loose-powder product with the tips of the brush.

Step 2: Gently sweep the brush tips along the face.

Step 3: Repeat step 1 and 2 about 2-3 times until you achieve even application of powder on your face.

D SMALL FAN BRUSH

Created for loose powder, the small fine fan sweeps a light dusting of powder onto the skin for a soft, velvety finish. This application technique avoids heavy coverage and imperfections. It can also be used to remove excess powder off the face especially after applying eyeshadow.

A503S

E BIG FAN BRUSH

This large, fanned-out brush is ideal for sweeping highlighter, bronzer, or setting powder with precision. Its soft, wide bristles deliver even, lightweight application, making it perfect for finishing touches or gently removing excess product without disturbing the base.

AB502S

FOUNDATION BRUSHES

A FLAT FOUNDATION BRUSH

A dense, flat brush designed for smooth and even application of liquid foundation. Its firm bristles help spread product effortlessly across the skin for a seamless, streak-free finish and quick, controlled coverage.

B DUO FIBER BRUSH

This brush is ideal for buffing and blending. The flat feathery head provides lightweight and buildable coverage of liquid, cream, and powder products. Use it to blend cream blushes and to airbrush your foundation.

C SLANTED FOUNDATION BRUSH

The slanted foundation brush is excellent for liquid products and is great for smoothing out the face giving it a flawless finish. Brush in circular motion for optimal results.

D RETRACTABLE KABUKI ROUND BRUSH

The Retractable Kabuki Brush delivers flawless, airbrushed results with every application. Designed with densely packed, ultra-soft bristles, it blends foundation seamlessly for a smooth, natural finish.

MODE OF USE

Step 1: Put the ideal amount of cream or liquid-type foundation on the back of your hand or cosmetic palette.

Step 2: Use the surface of the bristles to apply products evenly on entire face.

CONTOUR & HIGHLIGHT BRUSHES

A ANGLED CONTOUR BRUSH

With its precisely angled brush head, this brush follows the natural contours of the face for controlled application. Ideal for sculpting the cheekbones, jawline, forehead, and nose, it seamlessly applies and blends powder, cream, or liquid formulas while diffusing harsh edges.

B NOSE SHADING BRUSH

Medium in size and just right to apply product to the sides of your nose making it seem narrower and more defined especially for that nose bridge highlight down the middle!

C CONTOUR & HIGHLIGHTER BRUSH

This is a versatile tool for sculpting and highlighting. The brush features a perfect bristle structure to effortlessly enhance your facial contours and glow.

D PRECISION CONTOUR BRUSH

Master the art of precise contouring with this brush. Its narrow, tapered design allows for targeted application, helping define facial features with expert precision.

E FACE SCULPTING BRUSH

Elevate your makeup game with this professional-grade brush. Its wavy design and soft bristles effortlessly blend and define facial features for a sculpted look. Perfect for accentuating your cheekbones.

MODE OF USE

Step 1: Sweep the pressed or baked product with the tips of the brush.

Step 2: Gently sweep across the points you want to contour or highlight (Chin, Jaw, Nose bridge, T-zones, etc)

CONCEALER BRUSHES

A SMALL CONCEALER BRUSH

The small concealer brush reaches delicate places more precisely such as the inner corners of the eyes, around the nose and mouth if necessary.

MODE OF USE

Step 1: Put the ideal amount of cream or liquid-type concealer on the back of your hand or cosmetic palette.

Step 2: Use the surface of the brushes to apply products evenly on points you want to cover up.

B BIG CONCEALER BRUSH

The big concealer brush is used for concealing parts of the face, under your eyes, on the side of your nose and over blemishes and imperfections.

CB702S

BROW BRUSHES

A SPIRAL BROW BRUSH

A precision spiral brow comb or spoolie which is designed to groom, shape, and perfect your brows with ease. The spiral bristles evenly distribute product while softly separating hairs for a clean, lifted finish. Brush through brows regularly to maintain a naturally fuller, more structured look. Comb upward to enhance volume and achieve a refined, feathered effect.

W901S

B ANGLED EYEBROW BRUSH

Designed with firm, angled bristles for precise application and blending, this versatile brush is ideal for defining and filling brows, creating smoky liner effects, and blending color along the lash line.

EB903S

EYESHADOW BRUSHES

A MEDIUM EYESHADOW BRUSH

This versatile brush is the perfect size for sweeping eyeshadow across the lids with precision. Its soft yet firm bristles pick up and deposit product seamlessly, whether you're applying a base shade, blending transitions, or creating depth with darker tones. Ideal for both powder and cream eyeshadows.

E801S

B FLAT BLENDING BRUSH

With its flat, tapered shape, this brush offers controlled blending in the crease and outer corners. Its firm yet flexible bristles work seamlessly with cream or powder shadows to define, soften edges, and create smooth transitions with accuracy.

E802S

C BLENDING BRUSH

This lightweight brush is designed to highlight the brow bone, blend eyeshadows and eyeliners. It softens harsh lines and edges, seamlessly merging colours on the lid for a smooth, blended finish.

E804S

MODE OF USE

Step 1: Sweep pressed or baked products with the brush's entire surface.

Step 2: Gently blend the eye products on the surface of eyelid.

Step 3: Use the edges of bristles for delicate touch.

D SMUDGE BRUSH

This is the ideal brush for blending colours together or for smudging a perfect smoky look. It fits in the crease of the eye perfectly!

E BULLET EYESHADOW BRUSH

Firm and precisely shaped, this brush is designed for detailed application in small, delicate areas. It easily reaches the inner corners of the eyes and lower lash line, applies colour with precision on the lips, and highlights the brow bone and arches with control.

F ANGLED EYE CONTOUR BRUSH

The angle on the head of this brush helps define the lines you are sculpting your face with, just like when you contour the cheeks. It blends the powders and creams beautifully by eliminating any prominent lines and leaving a slighting shadow behind.

G ANGLED EYELINER BROW BRUSH

A finely cut precision brush crafted for detailed brow shaping and definition. Its ultra-thin angled edge delivers maximum control for filling sparse areas and creating precise natural hair-like strokes, perfect for delicate application and crafting the popular feline flicks. Ideal for sculpted brows and delicate application with powder, cream, or liquid formulas.

H LARGE ANGLED EYESHADOW BRUSH

Designed for effortless eyeshadow application, this brush delivers rich colour payoff with its dense, angled shape. It is ideal for building depth in the crease, intensifying the outer corner of the eye, and laying down the first base of eyeshadow.

EB805S

I EYESHADOW STAMP BRUSH

This brush has compact bristles that makes it great for picking up a lot of texture and packing it onto the lid to create an intensity of colour.

E806S

J BIG ROUND SHADER BRUSH

Large, flat, short and packed with bristles, excellent for applying colors to the entire lid. Its soft bristles and slanted edge make it smoother to apply without having to stretch the eyelid with each sweep.

EB806S

LIP BRUSHES

A PENCIL LIP BRUSH

The pencil lip brush is designed to apply lipstick or lip gloss evenly onto the lips. Its long handle makes it comfortable to work with and to perfect creative lip looks.

P1001S

B LIP SMUDGE WITH CAP BRUSH

The Lip Smudge Brush is your go-to tool for flawless lip application. The brush's design allows for precise smudging and blending, ensuring a perfect lip finish every time. Whether you're defining edges or creating a subtle gradient, this brush is a must-have for achieving polished and pout-worthy lips. Compact and efficient, it features a cap for on-the-go convenience.

L1003S

MODE OF USE

Step 1: Sweep the lip products with the brush's entire surface.

Step 2: Gently sweep along the upper and lower lips for even application.

HOW TO CLEAN MAKEUP BRUSHES

AFTER DAILY USE

1. Brushes used with powder-type products

- Gently **tap** the brushes on your hand to get rid of any excess product on brushes.

2. Brushes used with liquid-type products

- Gently **sweep** the bristles with tissues to get rid of any excess product on brushes.

Never pull or squeeze the bristles, it will cause the bristles to shed.

CLEAN WITH ROOM-TEMPERATURE WATER

Step 1: Place the bristles in room-temperature water, and gently swirl the bristles for about 30 seconds.

Step 2: Gently tap the brushes on dry towel to get rid of excess water.

Step 3: Place the brushes on clean area, and let bristles dry.

REMINDER

- Do not use Shampoo, Conditioner or Soap to clean brushes.
- Do not rub the bristles against towels or tissues. It will damage the tips of bristles.
